For the avoidance of doubt, a PTR-limited does not grant its holder any right to utilise Capacity for the physical transfers of electricity.

3. Nature of Terms

The Terms set forth the terms and conditions of the allocation, issue, sale and redemption of the PTRs-limited. The Terms form a binding agreement between Auction Office and each Participant.

4. Eligibility to Participate at Auctions

4.1. Participants. The PTRs-limited may be acquired at the Auctions by the Participants only. In order to be eligible to participate in the Auctions, a Participant must correspond to the conditions stated in the definition of a "Participant", including being registered with Auction Office in accordance

with Section 4.2 of these Terms, and must provide the Auction Office with the Collateral according to the terms specified under the Sections 4.6-4.8.

4.2. Registration. A Participant wishing to participate in the Auctions shall register with Auction Office by submitting to Auction Office a duly completed registration form (Annex 1) signed by the authorized representative of the Participant. The registration form must be accompanied by an extract from the register of legal persons of the country in which the Participant is registered (except for Participants registered in Estonia), which may be supplied in the form of a print-out from the relevant electronic database as of the date of the signing of the registration form, proving the authority of the signatory to the registration form to represent the Participant. If the authority of the signatory to the registration form to represent the Participant derives from the power of attorney, the registration form must be accompanied also by the copy of the respective power of attorney. By submitting the registration form, the Participant confirms its full and unconditional acceptance of the Terms. The registration form shall be sent to Auction Office in two original copies or digitally signed in accordance with the Estonian Digital Signature Act at least 3 business days before the first Auction where the Participant intends to participate (place Bid(s)). Auction Office shall be entitled to request additional information or documents from a Participant in order to verify that the Participant complies with these Terms. Each Participant registered in accordance with Section 4.2 of the Terms shall immediately (but in any case not later than within 3 business days) update the information submitted to Auction Office in the registration form (including in the documents accompanied) referred to in Section 4.2 should any part of the information change, turn out to be misleading or incorrect.

4.7. Effect of the Collateral. The Collateral shall be valid for a period of not less than 3 months after the last date of the last Month of all Auction Timeframes, in which the Participant is participating. The provision of the Collateral is not a pre-condition for the registration of a Participant in accordance with Section 4.2. The provision of the Collateral in accordance with the Terms, including in the amount specified in Section 4.6, however, is a pre-condition for participation in the Auction (for submitting Bids for the respective Auction). The Collateral shall be submitted by the Participant at least 24 hours

before the particular Auction. Auction Office shall be entitled to use the Collateral to settle payment obligations of the Participant, which have become due.

The lack of such response shall not affect the validity of the Bid(s).

5.7. Validity of a Bid. A Bid is considered valid and binding on the respective Participant and Auction Office only if the Bid complies with these Terms in all relevant aspects. Auction Office shall be entitled to consider a Bid invalid if (*inter alia*):

In such case, each such combination of Bid Capacity and Bid Price shall be treated as a separate Bid for the purposes of the allocation of the PTRs-limited, and the final allocation of the PTRs-limited to a Participant shall take all such Bids into account (for example, the allocation of PTRs-limited to "Participant B" in the illustrative table under Section 6.1.2.5. shall be 100 MW, which is a sum of two different Bids placed by that Participant).

6. Allocation/Issue of PTRs-limited

6.1. Allocation of PTRs-limited. The allocation of the PTRs-limited shall be done by Auction Office. In the allocation of the PTRs-limited, Auction Office shall consider only such Bids which are

valid in accordance with Section 5.7. The allocation shall be done as follows and in the following sequence:

6.1.1. if the sum of the Bid Capacities does not exceed the Auction Capacity, all the Participants shall be allocated PTRs-limited according to their Bids; the Purchase Price for all Participants shall then equal the price of the lowest Bid Price.

6.1.2. if the sum of the Bid Capacities in all Bids exceeds the Auction Capacity, the PTRs-limited shall be allocated to the Participants who submitted a Bid in accordance with the following procedure:

6.1.2.1. all Bids are ranked so that the Bid with the highest Bid Price gets the first ranking and the Bid with the lowest Bid Price gets the last ranking. For example, for an Auction with the total Auction Capacity of 200 MW:

Ranking	Participant	Bid Price of Participant (EUR/MWh)
1.	Participant A	50
2.	Participant B	21
3.	Participant C	20
4.	Participant B	20
5.	Participant D	10

6.1.2.2. the Bid Capacities of the respective Participants are added to the rankings. For example:

Ranking	Participant	Bid Price of Participant (EUR / MWh)	Bid Capacity (MW)
1.	Participant A	50	60
2.	Participant B	21	60
3.	Participant C	20	60
4.	Participant B	20	60
5.	Participant D	10	65

6.1.2.3. the Purchase Price is the Bid Price of the Bid of the Participant whose Bid, considering the rankings, results in exceeding the Auction Capacity. For example:

Ranking	Participant	Bid Price of Participant (EUR / MWh)	Bid Capacity (MW)	Utilised Auction Capacity (MW, max 200 MW)
1.	Participant A	50	60	60
2.	Participant B	21	60	120
3.	Participant C	20	60	180
4.	Participant B	20	60	240
5.	Participant D	10	65	305

6.1.2.4. all the Participants whose Bid Price was higher than the Purchase Price and whose Bids ranked before the Bid determining the Purchase Price are allocated PTRs-limited according to their Bid Capacities and for the Purchase Price;

6.1.2.5. the Participant whose Bid determined the Purchase Price is allocated the remaining PTRs-limited, unless there were more than one Bids at the Bid Price equal to the Purchase Price, in which case the remaining PTRs-limited are divided between such Participants proportionally to their Bid Capacities. For example:

Ranking	Participant	Bid Price of Participant (EUR / MWh)	Bid Capacity (MW)	Utilised Auction Capacity (MW, max 200 MW)	PTR-limited allocation in MW
1.	Participant A	50	60	60	60
2.	Participant B	21	60	120	60
3.	Participant C	20	60	180	40
4.	Participant B	20	60	240	40
5.	Participant D	10	65	305	0

6.1.2.6. the Participants whose Bid Price was lower than the Purchase Price are allocated no PTRs-limited.

6.2. Issue of PTRs-limited. Once the allocation of the PTRs-limited has been done by Auction Office in accordance with Section 6, Auction Office shall issue each Participant PTRs-limited according to the number of days and hours in the respective Auction Timeframe. For example, the total Purchase Price of all PTRs-limited issued to Participant A in the table in Section 6.1.2.5 is calculated as follows (in the case of a Monthly Auction for January): 60 MW x 20 EUR x 24 hours x 31 days = 892,800 EUR. The rights and obligations arising from a PTR-limited are created as of the Closing Date of the respective Auction.

The redemption obligation shall be considered to be automatically attributed to each issued PTR-limited and the auctioned Capacity attributable to the issued PTRs-limited automatically transferred to Elering and AST upon issue of each PTR-limited to the Participant.

7.2. Information Undertaking. Auction Office shall inform each Participant of the redemption of the PTRs-limited held by such Participant not later than within 5 business days after the end of each Month of each Auction Timeframe regarding that Month by e-mail, using the contact details of the duly authorised representative of the Participant provided by the Participant in the Bid. 10.2. In case of reduction of the auctioned Capacities attributable to the issued PTRs-limited due to Force Majeure, auctioned Capacities attributable to the issued PTRs-limited of each Participant and the respective total Purchase Price of each Participant shall also be reduced. The reduction shall be effected on pro rata basis – proportionally to the amount of the auctioned Capacities attributable to the issued PTRs-limited of each Participant. For the avoidance of doubt, the Participant shall not be obliged to pay the Purchase Price for the auctioned Capacities attributable to the issued PTRs-limited, which are reduced (cut) by Elering and/or AST in the event of a Force Majeure.

10.3. The Auction Office shall inform each Participant regarding the reduction of the auctioned Capacities attributable to PTRs-limited without any delay.

11. Final Provisions

11.1. Amendments to Terms. The Terms may be amended jointly by Elering and AST from time to time in the sole discretion of Elering and AST. Auction Office shall inform all the Participants who have a valid registration in accordance with Section 4.2 of the amendments to these Terms in accordance with Section 11.3 at least one month before such amendments enter into force.

11.2. Unilateral actions by a Participant. A Participant may not unilaterally terminate or amend any legal relationships arising out of these Terms except where explicitly provided otherwise in these Terms.

11.3. Notices and Electronic Communications. Notices and other communications under these Terms shall be made by way of registered mail or courier, with proof of receipt, unless set forth differently in these Terms. In addition to the above, the Parties designate the following e-mail addresses as the addresses for official communications between them: explicit@elering.ee for Auction Office and the e-mail address referred to in the registration form of the Participant submitted to Auction Office by the Participant in accordance with Section 4.2 for the Participant. Any communications made from and to these designated e-mail addresses shall be attributed directly to the Parties and each Party may assume that communications originating from these addresses are from the other Party. An e-mail sent from a designated e-mail address of one Party to a designated e-mail address of the other Party shall be deemed delivered when delivered to the server of the e-mail service provider of the addressee (whereas the burden of proof shall be reversed, i.e. the Party denying receipt of an e-mail shall prove that it did not reach the server of its e-mail service provider). Each Party shall take the necessary measures to ensure continuous access to, and adequate security of, its designated e-mail address(es), and accepts the risks associated with electronic communications.

11.4. Assignment. A Participant may not assign or otherwise transfer all or any part of its rights or obligations arising from the PTRs-limited held by the latter or from these Terms without the prior written consent of Auction Office. Any PTRs-limited that a Participant purports to assign shall terminate with immediate effect and Auction Office shall have no obligation towards any of the parties (including any compensation obligations towards the original purchaser of the PTRs-limited).

11.5. Governing Law. These Terms and any legal relationships arising herefrom (including any questions regarding their validity and termination) shall be subject to and interpreted in accordance with the laws of the Republic of Estonia.

11.6. Resolution of Disputes. Any disputes arising between the Parties in connection with or arising out of these Terms shall be settled by amicable negotiations. Should the Parties fail to settle a dispute within 14 (fourteen) calendar days, the dispute shall be resolved in the Harju County Court (Kentmanni building).

Aluf.

11.7. Applicability of the Rules. These Rules shall be applicable for the Auctions for Year 2015.

11.8. Annexes to the Rules. The annexes of these Rules shall be integral part of these Rules. These Rules shall have the following annexes:

- 1) Annex 1: Registration Form;
- 2) Annex 2: Bid Sheet Form;
- 3) Annex 3: Auction Calendar.
